

**REMARKS**

The Office action of August 21, 2008 has been carefully reviewed. Applicant appreciates Examiner's careful examination and his indication that claims 22 and 23 are novel and non-obvious in view of the prior art references of the record.

By the present amendment, claims 16-21 and 24-29 have been canceled. The specification has been amended by adding the full chemical names commonly known in the art to be abbreviated as BHT, PG and BHA. No new matter is introduced.

It is respectfully submitted that this amendment has overcome all the objections to claims 22 and 23. Therefore, allowance of claims 22 and 23 is earnestly solicited.

Respectfully submitted,

---
